Fellow business men

An account

in a good bank means more than mere storing of money.

When you have shown your banker that you can handle your business and yourself satisfactorily it also means that your credit is good for financial aid in your enterprise. It means, too, that with your credit good at your bank, the consequent reputation brings you in more trade, better business bargains and increased social and political prestige.

Always stand well at your bank, keep your engagements and show your desire to be considered a man who can be trusted. We are all pulling together for the common good, and you may rest assured that we will help you, through thick and thin, if you show you are on the square.

Accounts of companies and individuals solicited. Every facility given—consistent with conservative banking.

The Danville Advocate in retracting some of its "sensational charges" concerning Congressman Helm

says it does not want to state anything untrue or unfair, which of course means that it has stated what is not true and what is unfair, nevertheless Mr. Sullivan is having these untrue and unfair statements printed in the papers of the district at his expense. The Advocate has thrown a fit or two concerning some alleged agreement on the part of Mr. Helm not to enter the present race for Congress, stating that it would produce such a pledge signed by Mr. Helm, in the presence of witnesses, which we said was not true and called on the Advocate to produce, which it could not do.

In a nut shell Mr. Sullivan's frantic efforts to remove Mr. Helm from the race is convincing evidence that he cannot win with the Congressman in it. The gentleman from Madison wanted to make the race two years ago, but after going over the district found that the Tall Sycamore loomed up in every precinct so strong and so formidable that the barrier could not be broken down. Did he then cry out that Helm had promised not to run again? Verily he did not, but if Mr. Helm made such a promise then was the time to have enforced it. And the same is true of the present race, as well as of all other races which Mr. Helm has made. It seems that the opposition to Lincoln county's son will have to trump up another or at any rate a more reasonable charge, for this is puerile.

The Danville Advocate utters a long wall against the office holders of Lincoln county, present and prospective, and asks in conclusion if it is not about time for Boyle to have something. Well, if Boyle had any good material—like Lincoln—for instance—it might be possible to cut off a small piece of pie and hand it to her. But as the matter now stands we see no chance for our friends across the line.

The republican National Committee is working the old Taft steam roller to a fare-you-well at Chicago this week. All of the contests so far have been decided in favor of the president. Roosevelt's friends have sent for him to come to Chicago.

Lacaster.

Rev. George A. Joplin, State Secretary, of the Sunday school organization conducted the Garrard county Sunday school convention at the Baptist church Saturday holding an all day session.

W. S. Beazley until recently a wealthy farmer of Garrard, sold to Jonas Weil 140-1,500 pound cattle for July delivery at 8 1-4 cents per pound. This successful farmer also sold other cattle at prices ranging from 7 1-2 cents to 8 cents per pound.

The contesting candidates for the handsome piano in R. S. Brown's dry goods store are doing some active earnest work. At this early date it is quite hard to tell who will be the winner.

Several converts were baptized Sunday afternoon at Conn's pond, having made the good confession at the meeting conducted last week by Elder F. M. Tindler at the New Union church at Hyattsville.

C. A. Arnold, of Garrard, shipped a car-load of first-class porkers to Cincinnati Saturday; there were 100 head in the consignment that averaged 200 pounds in weight; Mr. Arnold raised the greater number of

these on his farm north of Lancaster.

G. A. Bowling, of the Bryantville section bought 33 head of 400-pound cattle from various parties at Richmond court day which cost him \$17 per head.

J. P. Gregory is out with 10 strippers, harvesting blue grass seed both in Garrard and Boyle counties. A crop of this seed that he has been hauling for years is a 1,400 acre tract belonging to the Gentry Bros., of Boyle. This is the finest one boundary crop in the state and always commands a top notch price in the market.

Mr. Silas W. Moss, who for two years or more has run a successful dairy at this place has sold out and will move with his family to Richmond; Mr. Moss has bought an interest in the hay, grain and feed business of R. L. Arnold, of the Madison county capital and will at once enter into the new partnership.

The Maple dairy including 10 Jersey cows and 7 heifers were bought by Mr. A. H. Bastin, of this city, for \$700 and the dairy establishment will be run by Mr. Henley V. Bastin. New fixtures in the way of sterilized bottles and other necessary things have been ordered by young Mr. Bastin from Chicago who expects to reopen the dairy in about a fortnight.

Improvement at Depot

The roadway behind Stanford's new depot has been opened up and workmen are now engaged in preparing for the concrete paving which is to be laid under the train sheds and along the full length of the depot. The passway up Mill street extended, to the freight depot is to be cut off, and traffic to the freight depot will have to be around the new roadway behind the passenger station and around up Depot street. The train shed is also to be extended westward along the tracks for thirty or forty feet farther so as to afford protection for passengers alighting from the chair or Pullman cars in bad weather.

MEN'S SUITS

It is true that we must not judge a man by the Clothes he wears, and yet it is equally true that a man's personal appearance makes a great impression for or against him.

We cannot vouch for your conduct or character, but if you come to us for the clothes you wear we will vouch for your PERSONAL APPEARANCE.

While we have plenty of odds and ends in good suits from which we make our low price clothes, and are glad to sell them at a low price, still our main business is done on suits for men at \$15.00 to \$35.00.

They are, of course, the very cream of the Tailor shops—material good, style and workmanship the very best. We are here all the time and want you to see them.
